Whereas, Under the regulations made by the President of the United

States, veterans of the Spanish American War and their widows and other dependents have been denied benefits heretofore accorded them by the Government on account of service connected disabilities resulting on account of their participation in said war; and,

Whereas, By reason of the long lapse of time since said war in many instances it is now impossible for such veterans to produce the proof of the connection of their disabilities with their service, and the enforcement of said regulations aforesaid will therefore work an injustice; Therefore, Be It

Resolved, By the Senate of Texas,

the House concurring, that the President of the United States and the Congress be and that they are hereby requested to liberalize said regulations so as to prevent the aforesaid injustices and the placing of said veterans and their dependents on public charity and bringing them and their dependents into positions of great humiliation and embarrassment.

Subsection 1. There is hereby appropriated out of any money in the State Treasury not otherwise appropriated, the sum of Twelve Hundred Sixty (\$1,260.00) Dollars to pay the operating expense for the period ending December 31, 1933, of the Texas Racing Commission, hereby created, and vested with all powers required to carry out fully the purposes of this Act.

The appropriations in the said General Appropriation Bill for the State Department of Agriculture in the sum of Two Hundred Twenty-three Thousand, Two Hundred Eighty (\$223,280.00) Dollars, shall not be drawn on unless and/or until appropriation made in this amendment for the use and benefit of said Department of Agriculture shall be insufficient or unavailable for the payment of such sum so appropriated, the intent being that the specific appropriations provided for in this Act resulting from the operations of the Racing Commission shall constitute the primary source of funds for the payment of the said appropriations made for the State Department of Agriculture except such fees or special funds as may otherwise be provided for.

It is hereby expressly declared that the appropriations of any and every character as provided in this General Appropriation Bill for the maintenance of the Department of Agriculture shall be drawn against General Revenue in whole or in part if, and when funds accruing from the operations of the Racing Commission, and which have been deposited in the Treasury from such source, are insufficient, inadequate or unavailable to meet the current and necessary expenses of said Department as may be provided for by the Appropriation Bill.

The Texas Racing Commission, for which the foregoing appropriation of Twelve Hundred Sixty (\$1,260.00) Dollars is made, shall consist of three members, one of whom shall be the Commissioner of Agriculture of the State of Texas; one shall be the Tax Commissioner of the State of Texas; the third, who shall be the Chairman of the Commission, shall be appointed by the Governor of the State, with the advice and consent of the Senate, and shall have been a citizen of Texas and a bona fide owner and breeder of thoroughbred livestock in Texas for a period of at least two years at the time of his appointment. Two Commissioners shall constitute a quorum, with power to act.

The Commission shall establish an office at such place in Texas as it may determine. It shall select a secretary, and as many as two clerks, if necessary, who shall serve at the will of the Commission. The secretary and the said clerks shall receive such salary as is allowed by the Commission, provided, however, the secretary's salary shall not exceed Two Hundred Dollars per month, and the clerk's not to exceed One Hundred Dollars per month each. The Commission shall have power to pay all reasonable and necessary expenses incident to the conducting of its business.

The Chairman shall be eligible for reappointment.

Members of the Commission shall be entitled to receive their actual expenses when on the business of the Commission, and the Chairman shall, in addition, receive compensation at the rate of Ten Dollars per day while actually engaged in the business of the Commission, such compensation, in the aggregate, not to exceed Twelve Hundred (\$1,200.00) Dollars in any one twelve month period.

A Chairman shall be appointed within not exceeding thirty days from the passage of this Act, whose term of office shall be the same as the term of office of the Commissioner of Agriculture, and, thereafter, the Chairman shall be so appointed as that his term of office will conform to the term of office of the Commissioner of Agriculture. In event of a vacancy in the chairmanship, arising from any cause, the Governor shall, by appointment, fill the vacancy.

The Racing Commission shall have the power, and it shall be its duty, to prescribe and enforce rules, regulations and conditions under which all horse races held under this Act shall be conducted in the State of Texas. It shall likewise prescribe and enforce rules governing the conduct of all persons who engage in the racing of horses, to the end that such races shall be fairly conducted and so as to insure integrity in the conduct of such races. The Commission shall have power to exclude from participation in such races any person or persons who omit, fail or refuse to comply with the reasonable rules promulgated by said Commission and to prescribe, as a penalty for such omission, failure or refusal, the denial of the right of such persons to so participate in such races.

The Commission shall have the power and authority to permit and to authorize the racing of horses under what is here designated the "certificate system." Under this system the Commission shall permit, authorize and issue a license on the compliance by an applicant for a license with the requirements of this Act to conduct races and use in connection therewith the said certificate system, which system shall expressly authorize and make lawful the right of a licensee to collect and receive contributions of money from any person or persons present at such race toward the entry of any horse in such race selected by such person or persons to run first in such race, and the person or persons so contributing such money shall acquire an interest in the total money so contributed on all horses in the race as first winners in proportion to the amount of money contributed by such person or persons.

Such licensee shall receive the said contributions of money and issue to the contributors thereof certificates on which shall be shown the number of the race, the amount contributed and the number or name of the horse selected by such person as such first winner.

As each race is run the licensee shall be authorized to deduct from the total sum contributed on all horses as first winners ten per cent of the amount thus contributed, and the balance remaining on hand after deducting such ten per cent shall be paid out to the holders of certificates on the winning horse equally in proportion as the amount contributed by such person bears to the total amount contributed toward the entry of all the horses in said race to run first.

Subsection 2. The licensee, in like way, may receive such contributions on horses selected to run second, third, or both, the method and procedure, and the right of the licensee, to be as specified in the next preceding section thereof.

The said certificate system as herein authorized shall not be construed to be either pool selling or betting within the meaning of Articles, 645, 647 and 648, of the Penal Code of the State of Texas, Title II, Chapter VI, according to the 1925 Revision.

Subsection 3. The use of such system shall not be permitted at any other place than within the enclosure stated in the license, nor shall the said certificate system be permitted to be used on any races except horse races.

No such certificate shall be purchased by or sold to a minor.

Races authorized under this Act may be held only between the hours of 9:00 A. M. and 7:00 P. M. of the racing days fixed by the Commission.

No license shall be issued to any one applicant for the holding of more than two meetings in any calendar year, nor on more than one race course, nor for more than sixty-one racing days in the aggregate in any twelve months period. No person shall receive a license except upon satisfactory showing made to the Commission that such person has adequate facilities for the conducting of such races, and is of good standing; and such person so applying shall give bond payable to the Racing Commission, with good security, in such amount as the Commission shall determine, not, however, to exceed the sum of Fifty Thousand (\$50,000.00) Dollars, to be approved by the Commission, conditioned, in effect, that such applicant will conduct such races and the operation of such certificate system as contemplated by this law in accordance with this Act, and shall account to and pay over to the State Treasurer of the State of Texas the amounts required by this Act to be so paid.

Subsection 4. The Racing Commission may designate a representative, whose compensation shall not exceed Twenty (\$20.00) Dollars per day, and reasonable expenses when on the business of the Commission, to attend any horse race meeting licensed under this Act, whose duty it shall be to supervise the conducting of such races and to see to it that the rules of the Commission are faithfully enforced. He shall have full and free access to the place or enclosure where the certificate system is conducted or supervised; and, for the purpose of ascertaining whether or not the licensee is retaining only the commission provided for in this Act, he shall have access to the books, records and papers pertaining to the operation and the results of the said certificate system at such races. A licensee shall keep true and correct records, which shall show all financial operations of said certificate system at such races.

Subsection 5. Any person or persons, association or corporation desiring to conduct racing of horses in Texas and to use in connection therewith the said certificate system, as in this Act authorized, shall make application in writing to the Racing Commission for a license so to do. The application shall be considered and acted upon by the Commission not less than ten days prior to the date of the commencement of such races so sought to be held. The application shall state the days on which such racing is desired to be conducted; it shall describe the place and race track or course at which the races are to be conducted; it shall be in such form and supply such facts as the Commission shall by general

rule prescribe, and such application shall be verified. If the applicant is eligible to receive a license under the provisions of this law, it shall be the duty of the Racing Commission to fix the racing days that shall be allotted to such applicant, and the Commission shall issue a license for the holding of the meeting or meetings so sought to be held. The license issued shall describe the place and track or race course at which the licensee is authorized to hold such meeting or meetings, and the authority conferred in any one license shall be limited to the calendar year in which it is issued. The license issued shall expressly provide that the licensee shall remit to the Treasurer of the State of Texas, at the end of each race meeting, eight per cent of the total of all moneys retained as commission or compensation by the licensee, as authorized by this Act. This fund, when received by the Treasurer, shall be held by him as a "Special Racing Fund."

Except as to the foregoing Twelve Hundred Sixty (\$1,260.00) Dollars, by Section 1 hereof, appropriated to the Racing Commission, the expenses incurred and authorized by virtue of this feature of this Act shall be payable out of the "Special Racing Fund," but not otherwise, and so paid upon accounts approved by the Racing Commission and warrants drawn by the Comptroller on the State Treasurer.

The Treasurer of the State of Texas, in December of each year, shall make a complete statement of the amount he has received within the calendar year under the provisions of this Act. After there shall have been charged against this fund the theretofore paid-out operating expenses of the Racing Commission, as herein authorized, and the amount which the Racing Commission shall estimate as being required to be paid out in that year, and, in addition thereto, such amount as the said Racing Commission shall estimate as the expenses for the operating of the Commission for the next succeeding calendar year, the amount then remaining in this fund shall be, and it is hereby appropriated and shall be disbursed thus:

An amount equal to twenty-five per cent of the total amount which the Treasurer shall receive and place in the said "Special Racing Fund" is hereby appropriated as a fund out of which the Commissioner of Agriculture of the State of Texas is authorized and empowered to purchase, transport and deliver for distribution well bred and approved stallions and jacks throughout the State of Texas, and, in connection therewith, defray the actual reasonable expenses incident to the purchase, transportation and maintenance of such animals, in order thereby to promote the breeding of better livestock in the State of Texas. After the said operating expenses of the Commission shall have been defrayed, and after the said amount equal to twenty-five per cent of said fund shall have been deducted from the said "Special Racing Fund," the balance remaining in said fund, so far as it may be required, shall be used for the payment of the appropriations by the Legislature for the support and maintenance of the State Department of Agriculture as said appropriations for that Department shall be fixed and allowed by the Legislature of the State of Texas from time to time. It is further provided that any excess left in the "Special Racing Fund" shall be by the State Treasurer divided into as many equal parts as there are counties in the State of Texas, and he shall thereupon immediately remit one of such equal parts to the County Treasurer of each county in the State of Texas, who shall pay the same into such lawful fund or funds of said county as shall be determined by the Commissioners' Court of said County.

Subsection 6. The payments herein required to be made by the licensee to the Treasurer of the State of Texas shall be in lieu of all other or further excise or occupation taxes to the State of Texas or any county, city, town, or other political subdivision thereof.

Subsection 7. The titles of such animals so purchased shall be in the State of Texas.

For the service of such animals so distributed, the Commissioner of Agriculture is authorized to make a charge of not exceeding Five (\$5.00) Dollars for colts foaled. The amounts so collected by the Commissioner

of Agriculture shall be used by him to defray the expense incident to the maintenance of such animals.

The Commissioner of Agriculture shall adopt and carry out reasonable rules and regulations with respect to the distribution, care, use and maintenance of such animals. All expenditures thus authorized shall be paid upon accounts approved by the Commissioner of Agriculture, and warrants drawn by the Comptroller on the State Treasurer.

In allotting or distributing said stallions and jacks, the Commissioner of Agriculture shall request and give consideration to the recommendations of the Commissioners' Courts and of the members of the Legislature of the particular counties seeking the distribution of such animals.

The Commissioner of Agriculture annually, not later than November 1st, shall make and file with the Governor a report in writing which shall set forth the amounts of the funds disbursed in detail, the way in which disbursement was made and the amount collected by him as service charges on such animals.

Subsection 8. Grand Total State Highway Department .....	\$ 680,650.00	\$ 680,650.00
--	---------------	---------------

There is hereby appropriated out of the State Highway Fund for each of the fiscal years ending August 31, 1935, the sum of Fifty Thousand One Hundred Seventy-six Dollars (\$50,176.00) to cover certain salaries, parts of salaries, traveling expenses and other items which are listed and itemized in the appropriations for the Attorney General's Department, the State Board of Control, the State Comptroller and State Auditor, and the State Treasurer, and which amount herein appropriated also covers the cost of furnishing heat, water, and power included in the maintenance and miscellaneous appropriations division of the State Board of Control, the purpose of this appropriation being to have the State Highway fund bear its just part of the expense incurred by other State departments in serving the Highway Department. The State Comptroller and State Treasurer are hereby authorized and directed to transfer the amounts herein appropriated from the State Highway Fund to the General Revenue Fund, either annually or semi-annually at any time during each of said fiscal years.

For the purpose of enabling the State Highway Commission to investigate the facts necessary for the Attorney General to know in defending litigation arising out of suits authorized to be instituted against the State and/or the State Highway Commission by the Forty-third Legislature and to enable the State Highway Commission to employ competent investigators and clerical assistance and to defray expenses in connection with such investigations, there is hereby appropriated the sum of Twenty-five Thousand (\$25,000.00) Dollars for the use and benefit of the State Highway Department in connection with such investigations and the employment of clerical assistance and defraying expenses; provided, however, that no investigator shall receive more than \$250.00 per month for services rendered and all clerical assistance shall be paid the same as is allowed for similar services of other employees of the State Highway Department; provided further, that the investigators and other employees shall be required to render such assistance as may be directed by the Attorney General in the investigation of any suits filed against the State of Texas and the State Highway Commission as authorized by the Forty-third Legislature, and the Attorney General shall be entitled to their services as and when needed by him for such purposes.

Provided, that the above and foregoing amounts appropriated herein for the State Highway Department, and for services rendered by other agencies of the State Government to the Highway Department, shall be paid out of the State Highway Fund upon warrants issued by the State Comptroller, as provided by Chapter 1, Title 116, Revised Civil Statutes, 1925, and amendments thereto; provided, further, that all funds or balances of funds on hand September 1, 1933, and all funds coming into the State Highway Fund, and derived from registration fees or from other sources, after deducting the total of the specific appropriations herein made, are hereby appropriated to

the State Highway Department for the establishment of a system of State Highways and the construction and maintenance thereof, as contemplated and set forth in said Chapter 1, Title 116, and Chapter 186, General Laws of the Regular Session of the Thirty-ninth Legislature, and amendments thereto.

Provided that no State Highway Funds shall be used or expended in the payment of full or partial salaries, or to participate in the supplementing of any salaries for any kind of work done for, by or under the supervision or direction of the State Highway Department, other than those amounts specifically provided in the above itemized appropriations, where the total to be paid such additional respective employee from Federal, State, County, or other funds, exceeds the respective amount below listed, to-wit: File clerks at not exceeding \$900.00 each year; Bookkeepers at not exceeding \$1500.00 each per year; Registration, warrant, voucher, comptometer or tabulating clerks, typists, stenographers or those performing secretarial duties, at not exceeding \$1320.00 each per year; resident engineers and division engineers at an average salary of not to exceed \$3180.00 each per year, none to exceed \$4050.00 per year; assistant division engineers, at not exceeding \$2640.00 per year; any other additional positions not herein specifically listed, having like duties to similar positions listed in the above itemized appropriations, at not exceeding the amounts specifically appropriated therein for such similar positions.

Provided, further, that the authorization that permits State Departments to excuse one-half of their employees at noon on Saturday is modified for the State Highway Department to provide that said Department may set its closing time on Saturday and permit all employees to leave, provided the number of hours' work during the week shall be the same as provided in the General Appropriation Bill. This provision being granted inasmuch as the Highway Department cannot function efficiently with only half of the employees present.

Provided that all printing and stationery shall be purchased through the Board of Control and shall be confined to such articles and qualities as selected and contracted for by the Board of Control.

The sum of twenty-one thousand (\$21,000.00) dollars is hereby appropriated out of the general revenue not otherwise appropriated to make up the deficiency occasioned by reason of the fact that the tax of one-fourth ( $\frac{1}{4}$ ) of one (1) per cent levied on the gross sales of gas transmission lines for the years 1932 and 1933 lack this amount of bringing into the Treasury the sums that were appropriated for the carrying on of gas pipeline appraisal work for the years above mentioned. The said sum of twenty-one thousand (\$21,000.00) dollars is to be returned to the general revenue out of the excess that the said tax of one-fourth ( $\frac{1}{4}$ ) of one (1) per cent will bring into the Treasury over and above the amounts appropriated for the biennium commencing September 1, 1933. This appropriation of twenty-one thousand (\$21,000.00) dollars, is made immediately available for the purpose of continuing without interruption the appraisal of the gas transmission lines for the purpose of determining fair city gate rates. The sum hereby appropriated is subject to all the terms and conditions that apply to the contingent fund for the Gas Utilities Division of the Railroad Commission as above set out.

The appropriations herein provided are to be construed as the maximum sums to be appropriated to and for the several purposes named herein, and no expenditures shall be made, nor shall any obligations be incurred, which, added to the actual expenditures, will exceed the amounts herein appropriated for any of the purposes named. Provided that the appropriations made herein for departmental maintenance and miscellaneous items for the departments of the State Government may be used as a contingent fund for departmental maintenance and miscellaneous items, except, however, that this provision shall not apply to any item where its expenditure is specially governed by the Statutes, and that no salaries or wages shall be paid out of any amounts transferred from other items to a contingent expense item.

It is the intention of the Legislature hereby not to require advance permission of legally authorized out-of-the-State trips of peace officers in the extradition and return of fugitives from justice and escaped prisoners except as is already provided by law.

All employees covered under this bill who are traveling at the expense of the State are hereby limited to the following amounts for meals and lodging; for meals not exceeding \$1.60 per day, for lodging not exceeding \$2.00 per night, it being specially provided that the employee shall obtain receipts for all amounts expended and shall file said receipts with their expense accounts, which expense accounts must be duly itemized and sworn to; and the State Comptroller is hereby expressly prohibited from paying any expense accounts which are not itemized and sworn to and accompanied by receipts as herein provided. Provided that none of the moneys appropriated herein for traveling expenses, automobile hire, and/or automobile repairs, shall be spent for the washing and/or polishing of automobiles.

Provided, that of the money appropriated herein for stamps none shall be spent except on vouchers made payable to a United States Postoffice and shall be endorsed by such Postmaster.

All printing and stationery shall be purchased through the Board of Control and shall be confined to such articles and qualities as selected and contracted for by the Board, except certain printing provided by law to be done by several of the State agencies. No part of the herein appropriated amounts shall be used for the purchase of embossed or engraved printing and stationery except for the Governor's office.

Provided, further, that none of the foregoing appropriations for salaries shall be paid or warrants therefor issued by the State Comptroller to any employee until the employee shall have filed with the head and/or disbursing officer of such respective department or agency an affidavit showing his or her marital status, and if married, whether or not the spouse and/or any single children of such employee are also employed by the State government, and the name of the institution, school, department, appellate court, or other State agency where such spouse or child is employed, together with the name of such spouse or child; the head or disbursing officer of such department or agency, in addition to the statutory affidavit now required to be attached to all pay rolls, shall also set forth in the pay roll affidavit that all of his employees have made the required affidavits and also set forth the facts of any of said relationship employment as disclosed by said employees' affidavits, together with the name of the institution, school, department, appellate court, or other state agency where such spouse or child is employed, and if such relationship employment does not exist, then said affidavit shall so state; and the head and/or disbursing officer of the department or agency and the State Comptroller shall not approve for payment or issue warrants or checks for salaries to or for more than one of any of the above mentioned members of the same family which may now or hereafter be employed by any eleemosynary institution, department, school, appellate court, or other agency of the State government. Affidavits of present employees shall be made by them and filed with the heads of departments within ten days before the first day of each fiscal year, and persons thereafter employed shall file such affidavits before they begin work; all of said affidavits shall be preserved by the heads of departments or agencies for which appropriations are herein made for proper inspection for at least two years after their dates; said employees' affidavits shall be conclusive evidence of the departmental head's right to approve the pay rolls, and the pay roll affidavit of the head of the department or disbursing officer shall be conclusive evidence to the State Comptroller of his right to issue the warrants. None of these provisions shall apply to employees whose above mentioned relatives may be on the State pay roll as district Judges, district attorneys, highway maintenance laborers, employees on any State contracts where bids were received, and vocational or other teachers in the public free schools. In the event the Comptroller shall hold up issuance or delivery of any warrant by reason of these provisions he shall notify the agency or agencies affected of his action and such warrants shall not be issued or delivered until the provisions have been complied with to the satisfaction of the State Comptroller; and in the event the head or heads of said departments or agencies so employing said relatives, or said relatives themselves, cannot agree on which affected employee is to be retained on the State's pay roll then the State Comptroller shall issue and deliver the warrant to the affected employee who has been longer continually employed in the State service and refuse to issue and deliver the warrant to the other affected employee who has been continuously employed in the State's service for a shorter period of time than the other affected relative.

It is hereby provided that none of the moneys herein appropriated shall be paid to any person who is not a citizen of the United States.

Sec. 1-a. If any section, subsection or provision of this Act is, for any reason, held to be unconstitutional or invalid, such holding shall not affect the constitutionality or validity of any other provision or part of the Act.

Sec. 2. The fact that the above and foregoing is one of the regular appropriation bills for the support and maintenance of the State Government for the two year period beginning September 1st, 1933, and ending August 31, 1935, and in the interest of good public policy should be passed as speedily as possible, creates an emergency and an imperative public necessity that the Constitutional Rule requiring bills to be read on three several days be suspended, and that this Act take effect and be in force from and after its passage, and it is so enacted.

#### Message From the Governor.

Executive Department,  
Austin, Texas, May 17, 1933.  
To the Forty-third Legislature:

As the law makes me the chief budget officer of the State, and as our financial condition is yet one of grave concern, I request your further consideration of how best to restore the credit of the State by paying our debts. At my request the State Auditor and the Comptroller have submitted to me an official communication containing information that has become available at this time. A copy of this information is attached hereto. As the Comptroller and the State Auditor are neither partisans nor appointees of mine, it cannot be truthfully said that this information could be or has been in any way colored to benefit me or my administration. The official statement, though an estimate, is based upon known facts and the conclusions deduced are approximately correct.

A copy of this official statement will be laid upon the desk of every member of the Legislature, and I respectfully call same to your attention, and if any member fails to read same carefully, he should not hereafter be heard to plead innocence of the facts.

In this connection permit me to say that while there is some discussion among your membership and in the press suggesting the thought that the Legislature ought to adjourn and go home yet I want to say that such is not my view at the present time. Instead of having any criticism to offer of the Legis-

lature for not adjourning, I want to say that I think the Legislature should be commended for staying in session upon reduced compensation for their services, and I trust that you will continue this patriotic endeavor until you have finished the labor of providing revenue to meet the obligations of the State: in other words, balance the budget.

By recurring to the official statement on page 7, Exhibit A, it develops that our total requirements for which the State must provide revenues amount to \$118,415,991.00. This does not include highway revenue. The statement further shows that the prospective revenues, other than current property taxes or ad valorem taxes, amount to \$59,327,125.00, leaving the large sum of \$59,088,866 to be collected by current ad valorem taxes or by some other means. To make it plain the statement shows that after we have collected all other taxes, there will have to be collected on the homes and farms and other real estate in city and country the sum of \$59,088,866.

The question may be asked why do we owe over one hundred eighteen million dollars and why do we have to raise taxes to pay this stupendous sum? The official statement attached will give this information. In the first place we inherited a deficiency in the three funds—General Revenue, Available School, and Pension Funds—in the sum of \$18,207,304 at the end of August 31, 1933. This is the last rose of summer, a flower of remembrance of the last administration. Added to this must be, as shown by the statement, the estimated appropriations of your current term which will amount to \$39,817,885. Added to this must be added an amount sufficient to maintain a scholastic apportionment of \$16.00. As shown by the Auditor and Comptroller's estimate, this will amount to \$53,709,728. Added to this is the Confederate Pension which will amount to \$5,360,544. Added to this is the item of interest on public debt, the cost of the Forty-fourth Legislature, and appropriations from prior years, which will amount to \$1,320,530. This totals \$118,415,991, and the Legislature must provide for the

payment of this sum for the next two fiscal years. As stated above, \$59,327,125 will be collected from other than ad valorem taxes in the way of franchise taxes (Secretary of State), gross receipt taxes, special taxes, delinquent collections, poll taxes, occupation taxes, inheritance taxes, and other revenues. These taxes are now provided for by law and the present Legislature does not have to provide for that sum, but the balance of the one hundred and eighteen million dollars, or \$59,088,866, rests upon this Legislature to provide for payment. Ad valorem taxes, or some other kind of taxes must be levied to meet the debt, or a repudiation must be the policy of the State.

By recurring to the official statement of the Auditor and the Comptroller on page 3, it shows that to collect this \$59,088,866 out of ad valorem value, which means of course tax on real estate, it would require a rate of 54.6 cents to take care of the General Revenue Fund, and would take a rate of 73.6 cents to take care of the Available School Fund, and to take care of the Pension Fund it would take a rate of 21.6 cents, or a total rate of \$1.49 and a fraction. The constitutional limit is only 77 cents. Therefore, the appropriations and obligations of the State now exceed the constitutional authority of the State by 72 cents. In other words, somebody has incurred obligations and debts of nearly 100% without authority, but they are none the less debts of the State and the honor of the State demands that they be paid.

As shown by the statement of the Comptroller and Auditor on page 3, if we levied the full constitutional rate of 77 cents on all our taxable values, we would still be in the red at the end of the next fiscal term \$29,027,486. But a former Legislature has reduced the constitutional limit for the General Revenue Fund from 35 cents to 27 cents, and, therefore, if we levy the limit reduced by that sum, we will be in the red for the next fiscal term, \$31,967,486. But there is a bill pending now to further reduce the General Revenue rate to 15 cents, and, as shown by the statement of the Comptroller and Auditor, if this

is done, we will be in the red \$36,377,486, or only about three million dollars less than our entire appropriation for two years. In other words, we will be two years in the hole when the Legislature meets again in regular session, if no additional taxes are raised.

If there is not to be raised by other sources sufficient revenue, then by all means the Legislature ought to remove the reduction in the General Revenue Fund from 35 cents to 27 cents and put it back to 35 cents. Thus it will be seen that no matter under what ad valorem rate we levy, we will be in the red at least twenty-nine million dollars. If we charge the School Fund with only one-half of this sum or fourteen and a half million dollars, then it is apparent that our school apportionment will be less than \$10.00 per student or but little over a half term.

Let me say to my friends in the Legislature that in bringing this information to your notice, I do so with the kindest feeling, and I want to take this opportunity to express my heartfelt thanks for the uniform courtesy and respect that has been shown me by the Legislature, and I submit this official information in the same spirit, and I emphasize it because I think an imperative situation confronts the State. I would not even intimate that the Legislature has intentionally disregarded its duty and I rather think that if a mistake is made by the Legislature in not providing for the support of the Government before adjournment, it is in some degree the result of a lack of information, and, therefore, I have earnestly requested the State Auditor and the Comptroller to furnish this information in order that I might transmit it to you officially and you in the exercise of your patriotic desire to perform your whole duty, have this information for your guidance and instruction. I trust that the Legislature will again take up this question of revenue in any way that it may think best to get the money to maintain the credit of our Government, to keep open the schools of our country, to pay our Confederate Pensions, and to show

ourselves worthy of the trust that the people have placed in us.

With continued confidence and esteem, I am,

Sincerely yours,  
MIRIAM A. FERGUSON,  
Governor.

Office of State Comptroller of Public Accounts.

Office of State Auditor and Efficiency Expert.

The State of Texas.  
Austin.

May 12, 1933.

Hon. Miriam A. Ferguson, Governor,  
The State of Texas,  
Austin, Texas.

Dear Governor Ferguson: Pursuant to your request, we have applied the amounts expected to be collected during the ensuing biennium from sources other than the current ad valorem tax to certain tentative expenditure requirements for the General Revenue Fund, the Available School Fund, and the Confederate Pension Fund. The resulting figures disclose that in addition to the expected revenues from sources other than the current ad valorem tax, there will have to be raised by the current ad valorem tax, or by some other means, an amount of \$59,088,866.

This amount will be necessary if the following tentative expenditure requirements are to be met:

1. General Revenue, Available School, and Pension Funds. Liquidate the deficits aggregating \$18,207,304 as at August 31, 1933.

2. General Revenue Fund. Provide for estimated appropriations of \$39,817,885 made or expected to be made by the Forty-third Legislature.

3. Available School Fund. Maintain the scholastic apportionment at \$16 per capita. With the textbook requirements, this amounts to \$53,709,728.

4. Pension Fund. Pay Confederate pensions at the rates now specifically prescribed by law, estimated at \$5,360,544.

The statements submitted herein relative to the General Revenue Fund and the Available School Fund are based on the revenue estimate of May 1, 1933, now being mimeographed, which was summarized in the statement issued as of May 8, 1933. The figures submitted relative to the Confederate Pension

Fund represent estimates not previously reported.

Tentative Requirements in Excess of  
Expected Revenues From Taxes  
Other Than Current  
Ad Valorem.

Exhibit A discloses that to meet the estimated requirements there must be raised by ad valorem taxes; by more stringent enforcement of other tax laws presently in force; by new taxes; or by a combination of these several methods, an amount of \$59,088,866. This is the amount that will be required (1) to liquidate the expected deficits aggregating \$18,207,304 as at August 31, 1933; (2) to provide for estimated appropriations of \$39,817,885 out of the General Revenue Fund made or expected to be made by the Forty-third Legislature; (3) to maintain the scholastic apportionment at \$16 per capita; and (4) to pay Confederate pensions at the rates now specifically prescribed by law.

If all of the additional revenues could be raised by current ad valorem taxes, the tax rates per \$100 of valuations each year would be:

	Cents
General Revenue Fund .....	54.6
Available School Fund .....	73.6
Pension Fund .....	21.6

The total of the foregoing rates is \$1.498; whereas, the Constitutional limit of ad valorem tax rates is 77 cents.

Expected Deficits As at August 31, 1935—Based on Collection of  
Current Ad Valorem Taxes  
at Various Rates.

Exhibits B, C, and D disclose that if appropriations are to be made as shown in Exhibit A, the total of the deficits as at August 31, 1935, under the several conditions stated, will be as follows:

If current ad valorem taxes are set at the constitutional limit of rates, of 35 cents for the General Revenue Fund, 35 cents for the Available School Fund, and 7 cents for the Pension Fund, the total of the deficits would be .....\$29,027,486

If current ad valorem taxes are continued at present rates of 27 cents for the General Revenue Fund, 35 cents for the Available School Fund, and 7 cents for the Pension Fund, the total of the deficits would be.....\$31,967,486

If current ad valorem taxes are set at the proposed rates of 15 cents for the General Revenue Fund, 35 cents for the Available School Fund, and 7 cents for the Pension Fund, the total of the deficits would be.....\$36,377,486

#### Method Used in Determining Valuations.

Schedule 1 shows the method used in determining the net amount of assessed valuations on which ad valorem taxes are expected to be collected for the two-year period. These estimates are based upon the assessed valuation as at January 1, 1932, reduced by the estimated general decline in valuations, and by the estimated amount of homestead exemptions. There has been deducted 30 per cent for estimated delinquent taxes, and an amount of 5 per cent for assessing and collection costs. The final amounts shown are the amounts that should be used in applying the tax rate for the years ending August 31, 1934 and 1935, to determine the amount of taxes to be raised during those years.

#### Appropriations.

Schedule 2 details the appropriation bills that have been introduced in both the Senate and the House prior to May 10, 1933. Some have been passed by the Legislature and signed by the Governor; some have been passed by either the Senate or the House; and some are pending in committees. The educational bill is in the Free Conference Committee, and for the purpose of this estimate, the amount expected to be appropri-

ated was determined by using the average of the sums appropriated in the Senate and House bills respectively. The same method was applied to the Rural School Aid bill.

Schedule 3 shows the appropriations that have been made by the Forty-third Legislature, which have been included in the estimate of May 1, 1933, by the State Comptroller and the State Auditor, and which are included in the estimated deficit as at August 31, 1933.

The appropriation bills have been listed from records of the appropriation committees, and from information obtained from the committees. Appropriation bills that have been passed were checked in the office of the Secretary of State.

There will probably be changes in some of the bills when finally passed, but the amounts listed are considered as being as nearly correct as it is possible to determine at this time. It should be noted that the appropriations for summer schools for 1933, 1934, and 1935 have been included.

#### Revenues.

Schedules 4 and 5 show the revenues that are expected to be collected during the two years ending August 31, 1935. These amounts are the same as shown in the revised estimate by the State Comptroller and the State Auditor, dated May 1, 1933, covering the General Revenue and Available School Funds. The revenues are detailed and commented upon in that report, which should be read in connection with this report. The same possibilities of changes in revenues as stated in that report will apply to this report.

It is believed that the estimates made herein reflect as near the true condition of the three funds as it is possible to determine at this time.

Any additional information required will be furnished on request.

Respectfully submitted,

GEO. H. SHEPPARD,

Comptroller of Public Accounts.

MOORE LYNN,

State Auditor and Efficiency Expert.

A BILL

To Be Entitled

An Act making an appropriation of the sum of five thousand and seventy-four dollars and sixteen cents (\$5,074.16) or so much thereof as may be necessary out of the County and Road District Highway Fund of the State of Texas to pay the expenses incurred in the administration of Chapter 13, Acts of the Third Called Session of the Forty-second Legislature, and making an appropriation out of an unused balance heretofore appropriated for the construction of a State Highway Building out of the State Highway Fund for use by State Board of Control until September 1, 1933, in installing equipment and files in basement of State Highway Building and in transferring, filing and indexing valuable papers and records to be placed in said basement, and declaring an emergency.

Be it enacted by the Legislature of the State of Texas:

Section 1. That the sum of five thousand and seventy-four dollars and sixteen cents (\$5,074.16) or so much thereof as may be necessary is hereby appropriated out of the County and Road District Highway Fund of the State of Texas, to supplement the appropriation heretofore made to pay the expenses incurred in the administration of Chapter 13, Acts of the Third Called Session of the Forty-second Legislature for balance of the fiscal year ending August 31, 1933.

Sec. 2. All accounts shall be paid from such fund by warrant, approved by the State Comptroller and one other member of said Board, and salaries paid out of said fund shall not exceed the rate as set forth in Section K, of said Chapter 13, Acts of the Third Called Session of the Forty-second Legislature.

Sec. 2a. The sum of Twelve Thousand Dollars (\$12,000.00), or so much thereof as may be necessary, is hereby authorized to be used, and is re-appropriated for use until September 1, 1933, out of any unused balance of an appropriation made by the Forty-second Legislature out of the State Highway Fund for the construction of the State Highway Building, by the State Board of Control in purchasing and installing the necessary filing and record cases, equipment and furnishings for the record bureau in the basement of said building, and for contingencies and necessary employees in assorting, transferring, indexing and filing the valuable State records and papers heretofore provided to be placed in the basement of said building. The State Highway Commission shall approve and sign vouchers for such expenditures as and when approved and submitted by the State Board of Control.

Sec. 3. By reason of the fact that the appropriation heretofore made

for this purpose was insufficient, on account of the enormous amount of work which the adjudication and determination of the claims of the various counties and road districts of this State required and the great importance of the subject matter of Chapter 13, Acts of the Third Called Session of the Forty-second Legislature, to people of this State and the further fact that equipment, fixtures and filing cases to be used in the basement of the new State Highway Building, together with the immediate preparation of assorting, indexing and filing of the valuable records and other State documents to be placed therein, should be installed and these valuable records be given safe-keeping, create an emergency, and an imperative necessity that the constitutional rule requiring bills to be read on three several days in each House be suspended and said rule is hereby suspended and that this Act take effect from and after its passage, and it is so enacted.
